Having both is even better! 😊 The best way to achieve this is to change your current way of thinking. There are two types of mindsets in this world: Fixed and Growth. ✗ <i>The Fixed mindset remains static and does not aim to move, nor does it evolve in any way.</i> ✓ <i>A Growth mindset helps you constantly evolve, learn, and find opportunities to develop your skills.</i>	https://www.freepik.com/premium-vector/businessman-plant-tree-big-head-human-think-growth-mindset-concept_11003770.htm#query=growth%20mindset&position=1&from_view=search&track=ais	posted
